Required: Scientific American article on AI risks

This opinion piece, from August 2023, discusses the distinction between what the authors consider to be "real AI harms" and "imaginary existential risks", providing a good summary of the things that they consider to fall into each category. Note that you may or may not agree with the authors' perspective on this!

[AI Causes Real Harm. Let's Focus on That over the End-of-Humanity Hype - Scientific American](#)

- Emily Bender and Alex Hanna, 12 August 2023
