Week 3 (/learn/analytics-excel/home/w...)

excel/supplement/U7dBU/feedback-survey)

excel/lecture/LiqJC/quantifying-the-informational-edge)

You will need the Excel workbook Information Measures to master the instructional content and successfully complete the quizzes for Week 3.

The Excel workbook contains a series of sheets applicable to the concepts covered in the video lectures. You will use the relevant sheets to complete exercises for the week.

The Information Measures Workbook can be downloaded by clicking on the button below:

Information Measures Workbook.xlsx (<https://d3c33h...>)

Here is a table listing the Excel sheets associated with each video lecture in Information Measures. Note that you will see additional information in the sheet title, but we will always direct you to the correct sheet by the hyphenated number that begins the sheet title.

Video	Excel Sheet
All lectures	4-1

Important! This section of the course - Information Measures - use only a single Excel sheet for all the video lectures.
