Deadline: You must submit this week's assignments by **December 13, 2015, 11:59 PM PT.** 

Final Course Project

Week 6 contains the Final Course Project and related supplemental materials necessary to successfully complete the project. The Final Course Project consists of four quizzes and a peer review assignment. We recommend that you attempt each of the quizzes after the weeks in which the content first appears, and do the peer review assignment at the end of the course.

Case Study: Modeling
