Experiments and Probability

Probability and Variables

Probability Mass Functions, Probability Density Functions, and Cumulative Distribution Functions

Expected Values, Variances, and Standard Deviation

Random Vectors, Independent Events and Variables, Covariance and Correlation, and Sample Variance

Review

Faculty

Brian Caffo, PhD is an associate professor in the Department of Biostatistics at the Johns Hopkins University Bloomberg School of Public Health. He graduated from the Department of Statistics at the University of Florida in 2001, and from the Department of Mathematics at UF in 1995. He works in the fields of computational statistics and neuroinformatics and co-created the SMART (www.smart-stats.org) working group. He has been the recipient of the United States Presidential Early Career Award for Scientist and Engineers (PECASE) and Johns Hopkins Bloomberg School of Public Health Golden Apple and AMTRA teaching awards. His web page is www.bcaffo.com
