Correct
With the given setting all the labels need to be equivalent and the new pixel will be labeled same as D

2. In the figure below, which connectedness violates Jordan's curve theorem? **1 / 1 point**

- ( ) 4 - connectedness (4-C)
- ( ) 8 - connectedness (8-C)
- ( ) 6 - connectedness (6-C)
- (●) Both 1 and 2

Correct
Review the lecture videos for connectedness shortcomings for explanation
