Learning Objectives

Learners will be able to...

- Generate a response using `openai.ChatCompletion.create`
- Learn the structure and format of a conversation in the ChatGPT API, including the use of different roles such as "system", "user", and "assistant".
- Practice creating and modifying ChatGPT API calls using various conversation scenarios.
- Analyze response created using the ChatGPT API
- Generate Multiple Responses

Make Sure You Know

You are familiar with Python.

Limitations

This is a gentle introduction. So there is a little bit of Python programming. The information might not be the most up to date as OpenAI releases new features.
