Learning Objectives

Learners will be able to...

- Utilize ChatGPT to generate code snippets for specific programming tasks or challenges
- Integrate ChatGPT-generated code into both front-end and back-end development projects
- Generate code in programming languages that are unfamiliar to the learner using ChatGPT
- Evaluate the quality and accuracy of ChatGPT-generated code and refine it as needed

Make Sure You Know

You are familiar with Python.

Limitations

This is a gentle introduction. So there is a little bit of Python programming. The information might not be the most up to date as OpenAI releases new features.
