As a member of our Duke digital learning community, we have a favor to ask: would you please consider leaving a review for this course? Course reviews help our team at Duke learn how to better design courses to meet the needs of learners like you. In addition, course reviews also help us reach more learners by increasing the visibility of the course.

If you have five minutes, please consider leaving us a rating so we can learn from you and help other learners find the course. To leave a rating for this course, please:

1. Go to the Coursera home page at coursera.org . Make sure you're logged in to your account!
2. Navigate to the “My Learning” tab to view your list of courses.
3. Find this course.
4. Look for the three-dot menu next to the course information. Click the three-dot menu, and then select Rate to open the rating window.
5. You should be able to rate the course out of five stars in the rating window.
6. If you'd like to provide an optional review with feedback about the course, we'd certainly appreciate hearing from you!
7. Once you're finished, you can click the Submit button.

We appreciate you considering our request! We look forward to having you as a learner in future courses, which you can learn more about in our [Online Duke course catalog](#) .
