

Important: Qiskit Version Changes

This course includes some outdated methods such as Aer, Terra, and qiskit_textbook. In this course we're working with qiskit version 0.23.0. For the best experience and to work with the latest versions, please refer to the IBM documentation

- **Migration guide:** <https://docs.quantum.ibm.com/migration-guides> 
- **Qiskit 0.23 release notes:** <https://docs.quantum.ibm.com/api/qiskit/release-notes/0.23#0230> 
- **API Reference:** <https://docs.quantum.ibm.com/api/qiskit> 

This will help you adapt and maximize the value from the course.
