Correct

Past data helps if you cannot simulate all the scenarios or if you want to save some compute time/energy during decision making.

3. What aspect of intelligence does this class focus on? 1 / 1 point

Ⓢ Learning

Ⓢ Perception

Ⓢ Control

Ⓢ Correct

This class will focus on learning. It is a component, not the entirety, of cognition. Learning is in charge of looking at past data and predicting what future data may look like.
