

6.6 Video Correction

Please note that in video [6.6 Sampling Theory and Aliasing](#) from 3:27 to 3:56 the Shah Function (Fourier Domain)'s formula should be $S(u) = \frac{1}{x_0} \sum_{n=-\infty}^{\infty} \delta(u - \frac{n}{x_0})$ instead of $S(u) = \frac{1}{x_0} \sum_{n=-\infty}^{\infty} \delta(x - \frac{n}{x_0})$.
