8 min
- Practice Quiz:** Sorting and Filtering Data Using Pandas – Review Information
3 questions
- Reading:** More Pandas Library Documentation
10 min

Plotting and Labelling the Data

Interpreting the Data

Week 4 Outro and Assessment

More Pandas Library Document

Here is a link to the [main landing page](#) for the Pandas library.

There is a useful 10 minute intro to Pandas [here](#).

Check the version number in the top left of the page to make sure you a Pandas you are actually running:

You can print out the version of a library by accessing its `__version__` pro

```
1 import pandas as pd
2 print(pd.__version__)
```
