Module 1 Introduction

Lesson 1: What Does AI Represent or Mean?

Reviewing Basic Definitions and AI history

Lesson 2: Size of AI Market and Growth Rate

Lesson 3: Key Technology Catalysts for AI's Development

✔ Reading: Key Technology Catalysts for AI's Development 1h

✔ Video: Technology Catalysts For AI's Development - Part 1 7 min

✔ Video: Technology Catalysts For AI's Development - Part 2 4 min

✔ Practice Assignment: Key Technology Catalysts for AI's Development Quiz Submitted

Module 1 Summative Assessment

Module 1 Summary

Your grade: 100%

Your latest: 100% • Your highest: 100% • To pass you need at least 80%. We keep your highest score.

Key Technology Catalysts for AI's Development Quiz

≡ Instructions

Review Learning Objectives

1. The reading article [Nvidia Hardware Is Eating the World](#) [↗](#) mentions the term "data center." In the context of Nvidia's hardware, what role do data centers play? 1 / 1 point

- Assignment details
- Submitted Dec 19, 3:45 PM IST Unlimited Attempts
- ☐ They are cloud gaming platforms that stream games powered by Nvidia graphics cards.

☐ They are specialized manufacturing plants for Nvidia graphics cards.

☒ They are massive computing facilities that leverage Nvidia hardware for various tasks, including AI.

☐ They are retail stores where Nvidia sells its products directly to consumers.

✔ Correct

Your grade To pass you need at least 80%. We keep your highest score.

100%

2. Based on the reading article [Nvidia Hardware Is Eating the World](#) [↗](#), what is the sentiment expressed about Nvidia's future in the technology landscape? 1 / 1 point

- Assignment details
- Submitted Dec 19, 3:45 PM IST Unlimited Attempts
- ☒ Their hardware is well-positioned as a key driver of advancement in various technological fields, including AI.

☐ They are expected to maintain their current market share but face stagnation in innovation.

☐ Their dominance is likely to face significant challenges from new competitors soon.

☐ They might need to significantly shift their focus to a completely different market segment.

✔ Correct

3. Based on the reading article [Harnessing the Power of GPUs: A Game Changer for Neural Networks](#) [↗](#) how does leveraging GPUs for neural networks impact the development process? 1 / 1 point

- Assignment details
- Submitted Dec 19, 3:45 PM IST Unlimited Attempts
- ☐ It significantly reduces the cost of training and developing neural networks.

☐ It eliminates the need for large datasets when training neural networks.

☐ It reduces the need for human intervention and expertise in training models.

☒ It allows for training in much larger and more complex neural networks than with CPUs alone.

✔ Correct
