

Applied Text Mining in Python

by University of Michigan

V. G. Vinod Vydiswaran

Welcome to Applied Text Mining in Python! You're joining thousands of learners currently enrolled in the course. I'm excited to have you in the class and look forward to your contributions to the learning community.

✓ More

To begin, I recommend taking a few minutes to explore the course site. Review the material we'll cover each week, and preview the assignments you'll need to complete to pass the course. Click **Discussions** to see forums where you can discuss the course material with fellow students taking the class.

If you have questions about course content, please post them in the forums to get help from others in the course community. For technical problems with the Coursera platform, visit the Learner Help Center.

You've successfully completed Course 4 of 5: **Applied Text Mining in Python**

Good luck as you get started, and I hope you enjoy the course!

Keep going!

Congratulations!
