Word2Vec Gender Bias Explorer Tool

The Word2Vec Gender Bias Explorer Tool gives you a qualitative assessment of gender biases that exist in the pretrained Word2Vec embeddings. Embeddings are numeric representations of concepts like natural language or images.

Follow the link below or engage with the tool below. Start by entering a few words or sentences to visualize the gender bias associated with the embedding.

Access Tool: <https://chanind.github.io/word2vec-gender-bias-explorer/#/> 

How it Works: <https://chanind.github.io/nlp/2021/06/10/word2vec-gender-bias.html> 

Word2Vec Gender Bias Explorer

Enter a word or sentence below to view the gender bias in each word

Need some inspiration? Try these:

The librarian punched the firefighter

She plays tennis, football, and baseball

Don't be bossy, be aggressive

The hero saved everyone using science

bass, drums, guitar, harmonica, saxophone, banjo, piano, harp, cello, violin, flute
