1. P = You will watch TV every day; Q = You will pass your exams; R = You become an actor. 1 / 1 point

Which of the following is a correct corresponding description for the following logical statement: $P \rightarrow Q \vee R$?

- ☒ If you watch TV every day then you will pass your exams or become an actor.
- ☐ You will pass your exam, or you will watch TV every day if you become an actor.
- ☐ If you watch TV every day or you pass your exams then you will become an actor.
- ☐ If you pass your exams or you are an actor then you will watch TV every day.

👏 Nice work

Correct, the operators and the propositions are correct.

2. P = You will watch TV every day; Q = You will pass your exams; R = You become an actor. 0 / 1 point

Which of the following is a correct corresponding description for the following logical statement: $p \rightarrow R$?

- ☒ If you pass your exams then you will be an actor.
- ☐ If you watch TV every day then you will be an actor.
- ☐ You will watch TV every day and you become an actor.
- ☐ You will watch TV every day or you become an actor.

👎 Try again

Incorrect, the operator is correct, but the left-hand side should be 'Watching TV'.

3. P = You will watch TV every day; Q = You will pass your exams; R = You become an actor. 1 / 1 point

Which of the following is a correct corresponding logical statement for 'If you pass your exams then you will not become an actor'?

- ☐ $Q \rightarrow R$
- ☐ $R \rightarrow \neg Q$
- ☒ $Q \rightarrow \neg R$
- ☐ $Q \wedge \neg R$

👏 Nice work

Correct, it has both implication and negation operators.

4. Which of the following is not a proposition? 1 / 1 point

- ☐ Eight is a prime number
- ☐ London is the warmest city in Europe
- ☐ It takes seven years to digest chewing gum
- ☒ $X > 7$

👏 Nice work

This is correct, since X varies.

5. P = You will watch TV every day; Q = You will pass your exams; R = You become an actor. 1 / 1 point

Which of the following is a correct corresponding logical statement for 'You will become an actor, or you will watch TV every day'?

- ☐ $P \rightarrow R$
- ☐ $R \rightarrow P$
- ☒ $P \vee R$
- ☐ $P \wedge R$

👏 Nice work

Correct, as we have the 'or' operator.

6. P = You watch TV every day; Q = You pass your exams; R = You become an actor. 1 / 1 point

Which of the following is a correct corresponding logical statement for 'If you watch TV every day then you will pass your exam or you will become an actor'?

- ☐ $P \wedge (Q \vee R)$
- ☐ $P \rightarrow (Q \wedge R)$
- ☐ $P \vee (Q \wedge R)$
- ☒ $P \rightarrow (Q \vee R)$

👏 Nice work

This is correct as we have both implication and 'or' operators.

7. Which of the following is a proposition? 1 / 1 point

- ☐ X ate a banana.
- ☐ Eat your banana
- ☒ 'Banana' has five letters.
- ☐ Did you eat your banana?

👏 Nice work

This is correct, although its truth value is false.

8. P = You will watch TV every day; Q = You will pass your exams; R = You become an actor. 1 / 1 point

Which of the following is a correct corresponding logical statement for 'You will pass your exams and you will become an actor'?

- ☐ $Q \rightarrow R$
- ☐ $R \rightarrow Q$
- ☐ $Q \vee R$
- ☒ $Q \wedge R$

👏 Nice work

Correct, as we have the 'and' operator.
