

**coursera** (/)

Yes, I'd like to receive email about other programs from **University of Washington**.

(https://accounts.coursera.org/i/zendesk/courserahelp?return_to=https://learner.coursera.help/hc)

Yes

**Congratulations!**

You've completed the course.

**Bill Howe**

Understand the terminology and recurring principles associated with data science, and understand the structure of data science projects and emerging methodologies to approach them. Why does this emerging field exist? How does it relate to other fields? How does this course distinguish itself? What do data science projects look like, and how should they be

DATA SCIENCE CONTEXT AND CONCEPTS

Lesson 1: Examples and the Diversity of Data Science

✓ Appetite Whetting: Politics 6 min

(/learn/data-manipulation/lecture/C9oh8/appetite-whetting-politics)

✓ Appetite Whetting: Extreme Weather 2 min

(/learn/data-manipulation/lecture/goGJR/appetite-whetting-extreme-weather)

▶ Appetite Whetting: Digital Humanities 8 min

(/learn/data-manipulation/lecture/iDVXI/appetite-whetting-digital-humanities)

✓ Appetite Whetting: Bibliometrics 4 min

(/learn/data-manipulation/lecture/N9znF/appetite-whetting-

[Help Center](#)

bibliometrics)

- ✓ Appetite Whetting: Food, Music, Public Health 5 min

(/learn/data-manipulation/lecture/sletM/appetite-whetting-food-music-public-health)

- ✓ Appetite Whetting: Public Health cont'd, Earthquakes, Legal 4 min

(/learn/data-manipulation/lecture/DAD8Z/appetite-whetting-public-health-cont-d-earthquakes-legal)

Lesson 2: Working Definitions of Data Science

- ✓ Characterizing Data Science 5 min

(/learn/data-manipulation/lecture/kquxC/characterizing-data-science)

- ✓ Characterizing Data Science, cont'd 6 min

(/learn/data-manipulation/lecture/lvUde/characterizing-data-science-cont-d)

- ✓ Distinguishing Data Science from Related Topics 4 min

(/learn/data-manipulation/lecture/tYtRc/distinguishing-data-science-from-related-topics)

- ✓ Four Dimensions of Data Science 6 min

(/learn/data-manipulation/lecture/IMIFB/four-dimensions-of-data-science)

Lesson 3: Characterizing this Course

- ✓ Tools vs. Abstractions 7 min

(/learn/data-manipulation/lecture/ryupr/tools-vs-abstractions)

- ✓ Desktop Scale vs. Cloud Scale 5 min

(/learn/data-manipulation/lecture/jSz8Z/desktop-scale-vs-cloud-scale)

- ✓ Hackers vs. Analysts 3 min

(/learn/data-manipulation/lecture/rrqBM/hackers-vs-analysts)

- ✓ Structs vs. Stats 6 min

(/learn/data-manipulation/lecture/TOYGs/structs-vs-stats)

- ✓ Structs vs. Stats cont'd 5 min

(/learn/data-manipulation/lecture/5JoNz/structs-vs-stats-cont-d)

Lesson 4: Related Topics

✓ A Fourth Paradigm of Science 4 min

(/learn/data-manipulation/lecture/tUjcE/a-fourth-paradigm-of-science)

▶ Data-Intensive Science
Examples 6 min

(/learn/data-manipulation/lecture/l0vKt/data-intensive-science-examples)

▶ Big Data and the 3 Vs 5 min

(/learn/data-manipulation/lecture/KobR8/big-data-and-the-3-vs)

▶ Big Data Definitions 5 min

(/learn/data-manipulation/lecture/Hay9h/big-data-definitions)

▶ Big Data Sources 7 min

(/learn/data-manipulation/lecture/1T0oY/big-data-sources)

Lesson 5 : Course Logistics

✓ Supplementary: Three-Course
Reading List

(/learn/data-manipulation/supplement/MADFt/supplementary-three-course-reading-list)

✓ Supplementary: Resources for
Learning Python

(/learn/data-manipulation/supplement/mXchj/supplementary-resources-for-learning-python)

▶ Course Logistics 7 min

(/learn/data-manipulation/lecture/SGZnt/course-logistics)

Assignment 1: Twitter Sentiment Analysis

✓ Supplementary: Class Virtual
Machine

(/learn/data-manipulation/supplement/MSzAB/supplementary-class-virtual-machine)

✓ Supplementary: Github Instructions

(/learn/data-manipulation/supplement/RK0aI/supplementary-github-instructions)

▶ Twitter Assignment: Getting
Started 15 min

(/learn/data-manipulation/lecture/PIL4J/twitter-assignment-getting-started)

✓ **Assignment:** Twitter Sentiment
Analysis 3h 00m

(/learn/data-manipulation/programming/AxbQn/twitter-sentiment-analysis)
