You'll get lots of hands-on practice using MATLAB while working through the material in this course. Follow the steps below to access MATLAB Online. Even if you already have an installed version of MATLAB, we recommend using the free MATLAB Online license since it will ensure you have access to all the features and toolboxes necessary to complete the coursework.

1. If you do not already have a MathWorks account, create one [here](#) . Be sure to verify your email (check your Junk/Spam folders) before moving on to step 2.
2. Visit [this page to access the free MATLAB Online license](#) . Click the blue "Access MATLAB Online" button on this page to access MATLAB.
3. (Optional) Bookmark <https://matlab.mathworks.com/>  to access MATLAB Online throughout the course.
