Learning Objectives

Learners will be able to...

- Develop proficiency in conditional image generation techniques
- Demonstrate an understanding of prompt engineering for natural language processing
- Apply GPT-3 as a prompt generator in natural language processing tasks
- Evaluate the limitations of image-to-text applications and propose potential solutions

Make Sure You Know

You are familiar with Python.

Limitations

This is a gentle introduction. So there is a little bit of Python programming. The information might not be the most up to date as OpenAI releases new features.
