Your latest: 100% • Your highest: 100% • To pass you need at least 80%. We keep your highest score.

1. Execute the Coursera Labs Jupyter notebook for this lesson. What is the minimum particle weight stored for the final iteration of the simulation? Enter your answer with one digit to the right of the decimal point.

1 / 1 point

0.0

✔

Correct

Yes, that is correct.

2. For the same Jupyter notebook, what is the maximum particle weight stored for the final iteration of the simulation? Enter your answer with one digit to the right of the decimal point.

1 / 1 point

1.0

✔

Correct

Yes, that is correct.

3. For the same Jupyter notebook, what is the confidence-interval width stored by the particle filter for the final iteration of the simulation? Enter your answer in degrees, with two digits to the right of the decimal point.

1 / 1 point

5.68

✔

Correct

Yes, that is correct.
